Pre-Delivery Inspection

A thorough check and inspection of the new vehicle prior to delivery ensures that the condition and quality of each vehicle meets the high standards set by General Motors.

We certify that your vehicle was checked and inspected according to the procedures and guidelines established by General Motors.

Date: _____ Kilometres: _____

Dealer
Stamp

Dealer's Signature: _____

Our commitment to you . . .

We are committed to assuring your satisfaction with your new vehicle.

We want you to be completely satisfied and invite you to return for all your service needs, both during and after the warranty period.

Vehicle warranty . . . This booklet contains the authorised Dealer warranty which accompanies your new vehicle and gives the starting date and mileage of the warranty. Keep it with your vehicle and make it available to an authorised Dealer if warranty work is needed. The booklet should remain with your vehicle when you sell it so future owners will have the information.

Vehicle operation and care . . . Considering the investment you have made in your new vehicle, we know you will want to operate and maintain it properly. We urge you, therefore, to follow the instructions contained in your owner's handbook and the maintenance schedule.

Maintenance records . . . It is also recommended that receipts covering the performance of regular maintenance be retained in the glove box literature envelope. Damage to your vehicle caused by lack of maintenance is not covered by your warranty. Therefore, receipts can be very important if a question arises as to whether a failure is caused by lack of maintenance, or a defect in material or workmanship.

Owner satisfaction . . . Should you ever encounter a problem during or after the warranty period that is not resolved, talk to a member of our management. If the problem persists, follow the two-step satisfaction procedure outlined in this booklet.

We thank you for choosing a General Motors product.

New Vehicle Warranty Application

This Warranty is given by GM Holden Ltd., ABN 84 006 893 232 ('HUMMER'). The Warranty applies to the vehicle identified on the inside front cover of this document. It is provided to the original and subsequent owners/operators driving the vehicle within Australia during the Warranty Period. This Warranty is given in addition to all rights conferred by law on that person.

This Warranty is only applicable to vehicles purchased and operated in Australia for normal private or commercial use and operation, (which excludes letting out on hire or daily rental). Owners of vehicles purchased in Australia but operated overseas should consult the local Dealer in the country of operation about any Warranty applicable to their vehicle.

Repairs covered

Subject to the exclusions shown on the following page, this Warranty covers the correction, during the Warranty Period, of any vehicle defect related to materials or workmanship and advised to a HUMMER Dealer or HUMMER Authorised Service Outlet, by repair, adjustment or at HUMMER's option, replacement.

Warranty Period

The coverage commences from the date of delivery, (or in the case of a demonstrator vehicle the date when the vehicle was first placed into service by the Dealer). The coverage expires at the end of the period of 3-years after the commencement date or after the vehicle has travelled 100,000 kilometres, whichever occurs first.

Warranty work undertaken (including parts and labour) will be carried out at no cost to the vehicle owner. However, this work should not be confused with servicing specified in the Service schedule, for which a charge is payable.

Warranty Exclusions

Damage

Your Warranty does not extend to the following damage:

- Damage caused by an accident, fire, theft or moving objects striking the vehicle.
- Damage caused by industrial fallout, chemicals or sealants.
- Damage caused by atmospheric fallout or flood, hail, salt, etc.

Maintenance items

Services such as brake adjustment, replacement of filters, wiper rubbers etc., which are required as part of normal vehicle maintenance.

Tyres

The tyres fitted to your vehicle are not covered by this Warranty. However, they may be covered by the tyre manufacturer.

Incidental Expenses

This warranty does not extend to incidental and consequential expenses resulting from a defect covered by this warranty including, but not limited to:

- Towing
- Interrupted journeys
- Accommodation
- Vehicle rental
- Travelling expenses
- Loss of use of vehicle
- Loss of time
- Inconvenience
- Commercial loss

Misuse

This Warranty does not cover damage caused by:

- Misuse or abuse of the vehicle such as by racing, rallying, overloading, etc., or neglect
- Operation of the vehicle after the defect is known
- Failure to carry out proper maintenance services as defined in this booklet
- Use of incorrect types and grades of fuel, oil or lubricants
- Alteration of the vehicle by anyone not authorised by HUMMER
- Fitting of parts or accessories not recommended by HUMMER
- Tuning or performance modifications which are not authorised HUMMER
- Any work carried out on the vehicle by anyone except an authorised HUMMER Dealer or HUMMER authorised Service Outlet.
- When the odometer mileage has been altered so that actual mileage cannot be readily determined.

Parts and Accessories Warranty

HUMMER warrants HUMMER approved Parts and Accessories ('Parts' and 'Accessories') for the periods and on the conditions set out below. The Warranty covers the correction, during the relevant Warranty Period, of defects in any such Parts and Accessories, by repair or at HUMMER's option by replacement.

Accessories installed to the new vehicle

HUMMER approved Accessories installed by a HUMMER Dealer or HUMMER authorised Service Outlet to the new vehicle at the time of purchase are covered together with the New Vehicle warranty for the period of 3-years or 100,000 km, whichever occurs first.

Parts and Accessories installed after new vehicle delivery by a HUMMER Dealer or HUMMER authorised Service Outlet

Parts and Accessories installed after new vehicle delivery by a HUMMER Dealer or HUMMER authorised Service Outlet are covered for 2-years.

If the vehicle is still within the New Vehicle Warranty when the Parts and Accessories are purchased they are covered by the longer of:

2-years or the end of the New Vehicle Warranty.

As an example,

an Accessory installed in a 7-month old vehicle would be covered until the end of the New Vehicle Warranty;

an Accessory installed in a 2-year old vehicle would be covered until the end of 2-years from when the Accessory was installed.

Purchased at retail or trade

Parts and Accessories purchased at trade or retail and installed by other than a HUMMER Dealer or HUMMER authorised Service Outlet are warranted for 1-year from the date of purchase. Please keep a receipt to support warranty claims. The Warranty does not cover the labour costs of removal / reinstallation of Parts and Accessories when installed or rectified by other than a HUMMER Dealer or HUMMER authorised Service Outlet.

Parts and accessories warranty exclusions

The warranty of any Part fitted during the course of repairs carried out under the terms of the New Vehicle Warranty is covered only until the end of the New Vehicle Warranty.

Sheet metal, paint and other appearance items

Defects or damage to sheet metal, paint, trim or other appearance items may occur at the factory during assembly or while the vehicle is being shipped to the Dealer. Normally, any factory defect or damage is detected and corrected at the factory during the inspection process. In addition, Dealers are obligated to inspect each vehicle before delivery. They repair any uncorrected factory defects or damage and any transit damage which they detect before the vehicle is delivered to you.

Sheet metal, paint or appearance defects still present at the time the vehicle is delivered to you are covered by the warranty. However, for your protection, we suggest that if you do find any such defects, you advise your Dealer without delay, as normal deterioration due to use and exposure is not covered by the warranty.

Warranty Questions and Answers

This section is designed to assist you in understanding the HUMMER Warranty provided with your new vehicle. The following are some of the most frequently asked questions for which detailed answers are provided.

Q 1. How do I go about obtaining HUMMER Warranty service?

It is the responsibility of the Selling Dealer to provide HUMMER Warranty service; therefore, you should take your vehicle to the Selling Dealer whenever HUMMER Warranty service is needed. However, if this is not possible, you may go to any other Authorised HUMMER Dealer. The details recorded inside the front cover of the service booklet will be required by the Dealer.

Q 2. What should I do if my vehicle becomes unsafe or inoperative as a result of a defect which is covered by the HUMMER New Vehicle Warranty?

You should contact the nearest Authorised HUMMER Dealer or HUMMER Customer Assistance Service as soon as possible, and arrange for that Dealer to carry out the required HUMMER Warranty Service.

Q 3. What should I do if, in an emergency, HUMMER Warranty service is required and an Authorised HUMMER Dealer is not available to provide such service at the time?

You should contact HUMMER Roadside Assist,

- Australia 1800 50 4866
- New Zealand 0800 50 4866

Q 4. Are damage or injury, loss of time, inconvenience, commercial or other direct or indirect loss covered by the HUMMER Warranty?

No, these items are not covered. HUMMER warranty only covers the repair, replacement or adjustment of those parts of your vehicle which are found to be defective in materials or workmanship. No other types of claim for compensation of any kind, even if the same resulted from a consequence of a defect in materials or workmanship in your vehicle, will be recognised under the HUMMER New Vehicle Warranty. You may have rights under the law to claim compensation outside of the HUMMER New Vehicle Warranty, but any claim based on those rights should be separately pursued.

Warranty Questions and Answers (continued)

Q 5. Will I have to pay for maintenance costs during the Warranty Period?

In Australia, Maintenance costs are not covered by the HUMMER New Vehicle Warranty. The Service Schedules in this booklet specify the minimum maintenance required for your vehicle operating under normal conditions. The Maintenance items (except where they are required as a result of defects in materials or workmanship) for which you will have to pay include:

- Engine tune-up, including spark plugs replacement.
- Replacement of all filters, engine and other belts, hoses, wiper blades, and clutch linings.
- Cleaning or flushing of fuel, coolant, brake, engine, transmission, differential, power steering etc., after 3000 km.
- Carbon and sludge removal.
- Maintenance servicing of emission control system devices.
- Adding to (or replacing) lubricants.
- Adding to (or replacing) air conditioning refrigerant, after 3000 km.
- Any necessary adjustments to drive belts, transmissions, clutch, park brake etc.
- Wheel balancing – after 3000 km.
- Wheel alignment.
- De-dusting or de-glazing of brake linings or pads – after 3000 km.
- Brake lining wear or damaged brake components due to lining wear.
- Brake disc pad or disc wear.
- Clutch lining wear or damaged clutch components due to lining wear.
- Battery recharging.
- Paint, bright metal finish and trim, due to normal deterioration.
- Body panel or soft-top roof adjustment – after 3000 km.
- Door, or bonnet lock adjustments.
- Glass or channel adjustments – after 3000 km.
- Body rattle, squeaks and general tightening of bolts, fasteners and fittings – after 3000 km.
- Chipped glass or breakage.
- Torn or damaged floor mats or carpets.
- Normal wear and tear to trim components.

Warranty Questions and Answers (continued)

Q 6. Are my tyres covered by the HUMMER New Vehicle Warranty?

No. The tyres fitted to your vehicle are covered by a separate warranty provided by the tyre manufacturer. Any Authorised HUMMER Dealer will assist you by discussing any queries which you might have with respect to the tyre manufacturer's warranty with the tyre manufacturer's representative.

Q 7. Will I have to pay for any costs or expenses in connection with the provision of HUMMER Warranty service?

All parts and labour used in carrying out HUMMER Warranty service at the premises of the servicing HUMMER Dealer are free of charge. Whenever HUMMER Warranty service is to be carried out by the servicing HUMMER Dealer it is your responsibility to deliver your vehicle to the servicing HUMMER Dealer's premises. If, as a result of a defect which is covered by the HUMMER New Vehicle Warranty, your vehicle cannot be driven safely please contact HUMMER Roadside Assist, they will arrange for towing to the nearest Authorised HUMMER Dealer to carry out the required HUMMER Warranty service.

Q 8. Would my vehicle's engine benefit from fuel additives, oil additives or coolant additives not marketed by HUMMER?

The use of break-in oil, tune-up compounds, friction-reducing compounds and other supplemental additives is not recommended; their use will not only increase operating costs, but may also be detrimental to the operation of your vehicle and may affect the validity of your New Vehicle Warranty. Only the fluids and lubricants referred to in this handbook should be used.

Unauthorised Statements In Relation to HUMMER Products

No HUMMER Dealer or other person is authorised or permitted to give or make any statement, assertion or undertaking in relation to the quality, performance, characteristics, descriptions or fitness for any purpose of any HUMMER product or in connection with the supply of any HUMMER product, which is at variance with any written statement, assertion or undertaking on any of these subjects given or made by HUMMER in its published sales literature, and HUMMER does not accept any responsibility for such unauthorised action.

Two-Step satisfaction procedure

Your satisfaction and goodwill are important to us. Normally, any problems with the sales transaction or the operation of your vehicle will be resolved by your Dealer's Sales or Service departments. Sometimes, however, despite the best intentions of all concerned, misunderstandings can occur. If your problem or request has not been resolved to your satisfaction, the following steps should be taken:

STEP ONE – Discuss your problem with a member of the Dealer management team. Complaints can often be resolved at that level. If the problem has already been reviewed with the Sales or Service Manager, contact the owner or the General Manager.

STEP TWO – If your problem can't be resolved by the Dealer management team, contact the:

HUMMER Customer Assistance Centre

GPO Box 1714
MELBOURNE 3001
Australia

Telephone: Australia 1800 621 178
Telephone: New Zealand 0800 621 178
E-mail: customerassistance.hummer@gm.com

The details of your problem or request will be noted down and relayed to the appropriate General Motors departments for prompt action. You should be prepared to provide the following information:

- Your name, address and telephone number.
- Vehicle Identification Number (this is available from the vehicle registration or title, or the plate attached to the left top of the instrument panel and visible through the windscreen.)
- Dealer's name and location
- Vehicle's delivery date and present mileage
- Nature of problem.

When contacting the HUMMER Customer Assistance Centre, please bear in mind that your problem will likely be resolved at the Dealer's location, using the Dealer's facilities, equipment and personnel. That is why we suggest you follow the above steps in sequence when you have a problem or request.

HUMMER Roadside Assist

HUMMER's Roadside Assist program is designed to help you have access to minor repairs or towing for emergency situations 24 hours a day, 365 days a year.

- If you get a flat tyre
- If you run out of fuel
- If you have a flat battery
- If you have a mechanical failure
- If you have an accident.

HUMMER Roadside Assist Checklist...

In the event of an emergency, whether it be mechanical failure or accident, follow these simple guidelines:

- Stay as calm as possible.
- Call HUMMER Roadside Assist immediately.
- If young children are in the car, ensure that they are comfortable and reassured, and please don't leave them alone if you have to go off to call for assistance.
- Have your Vehicle Identification Number available. The number should be written on your HUMMER Roadside Assist Card. Alternatively, you will find this number on the left hand side of your car's instrument panel. It is also visible through the windscreen from the car's exterior.
- In order to help us reach you as quickly as possible, try and be as specific as you can about your whereabouts.
- If you want us to call family or colleagues, we'll make all the calls necessary.

For HUMMER Roadside Assist,
Australia call 1800 50 4866 or 1800 50 HUMMER, New Zealand call 0800 50 4866 or 1800 50 HUMMER.
You can reach us 24 hours a day, 365 days of the year.

General information

- It is essential that your vehicle receives the maintenance outlined on the following pages to retain the safety, dependability and performance originally built into your vehicle.
- When your odometer reaches the kilometres indicated on the following pages, or the corresponding time interval has been reached, take your vehicle, preferably to an authorised Dealer, who will provide the proper parts and service.
- Once maintenance has been performed, have your Dealer fill out and stamp the appropriate box in this booklet to serve as your maintenance record which may be needed for warranty repairs. It will also show future owners how well your vehicle has been maintained.
- To maintain air conditioning efficiency, have an authorised Dealer check the system at least once each year.
- Recommended fluids and lubricants are listed in your Owner's Handbook.

IMPORTANT: It is very important that the oil level be kept within the limits shown on the oil level dipstick. The oil life monitor does not tell you when the engine oil level is low, and this can only be measured using the engine oil dipstick in the engine compartment, as shown in your Owner's Handbook. If the level is allowed to drop below the minimum, this could cause damage to your engine. Ensure that the oil level is checked each time you fill with fuel, and top up if necessary, but do not over-fill.

Caution: Maintenance work can be dangerous and you could be seriously injured. Make sure you have the know-how and the proper tools if you choose to do any of the maintenance work yourself.

Engine Oil Scheduled Maintenance

Your vehicle is fitted with an Oil Life Monitoring System. You will need to change engine oil and oil filter as indicated by the Oil Life System Message Indicator.

This vehicle has a a computer system that lets you know when to change the engine oil and filter. Based on driving conditions, the mileage at which an oil change will be indicated can vary considerably. For the oil life system to work properly, you must reset the system every time the oil is changed. When the system has calculated that oil life has been diminished, it will indicate that an oil change is necessary. A "CHANGE ENGINE OIL" message will appear in the Driver Information Centre. Change your oil as soon as possible within the next two times you stop for fuel. It is possible that, if you are driving under the best conditions, the oil life system may not indicate that an oil change is necessary for over a year. However, your engine oil and filter must be changed at least once every year or 10,000 kilometres (whichever comes first) and at this time the system must be reset. It is also important to check your oil regularly and keep it at the proper level. If the system is ever reset accidentally, you must change your oil at 10,000 km since your last oil change. Remember to reset the oil life system whenever the oil is changed.

Maintenance Schedule

*SELF-CHECK (CUSTOMER RESPONSIBILITIES)	Check
All Fluid Levels - including coolant, power steering, windscreen washer, brake and clutch fluid	3,000 km or once a month
Tyre pressure & visual inspection for wear and damage	Weekly

- If you are unsure how to perform your own vehicle checks, consult an authorised HUMMER Service Centre.
- Maintenance work can be dangerous and you could be seriously injured. GM recommends that work is carried out by an authorised HUMMER Dealer or HUMMER authorised Service Outlet.

* Some basic fluid level checks can be performed by the vehicle owner. For more information, please refer to the maintenance section of your owner's handbook.

Maintenance Schedule

CHECK/REPLACE BY DEALER	Check	Replace
Engine Oil & Filter	—	As indicated by the OLM† system, which varies based on engine temperature, rpm, etc. If the light does not come on then maximum 10,000 km or 12 months
In harsh/extreme/high speed driving conditions it is advisable to change oil/oil filter at regular intervals of 5,000 km or 6 months.		
Engine Air Cleaner Filter	—	Every 20,000 km
Drive & Accessory Belts (P/Steering, AC Compressor, Alternator) - Check condition and check length as shown on length indicators	Every 10,000 km	Every 60,000 km
Safety Belts	Every 10,000 km	Replace as necessary
Throttle System	Every 10,000 km	—
Fluid Levels - Power Steering, Windscreen Washer, Differential	Every 10,000 km	—
Transfer Case Fluid	Every 10,000 km	Every 60,000 km
Body Components - Lubricate	Every 10,000 km	—
Under Bonnet - Inspection/Lubrication	Every 10,000 km	—
Bonnet Latch, Door Hinges, Lock Cylinders, Bonnet Gas Struts and Lift-gate Gas Struts - Lubricate	Every 10,000 km	Replace as necessary
Operation of all Lights, Head, Tail, Stop and Turn Signals	Every 10,000 km	Replace as necessary

† Oil Life Monitoring System

- Maintenance work can be dangerous and you could be seriously injured. GM recommends that work is carried out by an authorised HUMMER Dealer or HUMMER authorised Service Outlet.
- For 'replace as necessary' in replace column, your HUMMER Dealer or HUMMER authorised Service Outlet will check items for normal wear and tear and they will recommend replacement when items are worn or damaged.

Maintenance Schedule

CHECK/REPLACE BY DEALER	Check	Replace
Chassis, Suspension and Steering Components - Inspect/Lubricate	Every 10,000 km	—
Exhaust system	Every 10,000 km	Replace as necessary
Brake System including Parking Brake	Every 10,000 km	Replace as necessary
Brake/Clutch Fluid	Every 10,000 km	Every 24 months (regardless of kms)
Air Conditioning System - Inspect	Every 20,000 Km	—
Drain, Flush, and Refill Cooling System	Every 10,000 km	Replace coolant every 60 months (regardless of kms)
Tyre Pressure & Visual Inspection for Wear and Damage	—	Replace as necessary
Tyre Rotation	Every 10,000 km	—
Automatic Transmission Fluid & Filter	Every 10,000 km	Replace as necessary
Auto Trans Shift Linkage - Clean and Lubricate	Every 30,000 km	Replace as necessary
Manual Transmission Fluid	Every 10,000 km	Replace as necessary
Spark Plugs	—	Every 80,000 km

- Maintenance work can be dangerous and you could be seriously injured. GM recommends that work is carried out by an authorised HUMMER Dealer or HUMMER authorised Service Outlet.
- For 'replace as necessary' in replace column, your HUMMER Dealer or HUMMER authorised Service Outlet will check items for normal wear and tear and they will recommend replacement when items are worn or damaged.

Conditions requiring more frequent maintenance*

If your vehicle is regularly used in one of the following applications and/or operated under one or more of the following conditions, the engine oil (and filter) and other fluids may need to be changed at more frequent intervals based on your specific vehicle type and usage:

- Temperatures below freezing
- Heavy city traffic
- Hilly or mountainous terrain
- Dusty, muddy or off-road conditions
  The air filter element should be replaced at least at 10,000 km intervals, or more frequently when inspection indicates that it is severely contaminated by dust.
- Public service or commercial use vehicles to include the following:
  - Ambulances, police cars and emergency rescue vehicles.
  - Recovery vehicles such as tow trucks and flat-bed single vehicle carriers or any vehicle that is consistently used for towing trailers or other loads.
  - High use commercial vehicles such as courier delivery vehicles, private security patrol vehicles or any vehicles that operate on a 24 hour basis.
  - Any vehicle consistently operated in a high sand or dust environment such as those used on oil pipelines and similar applications.
- Vehicles that are regularly used for short trips of 6 kilometres or less.

Your vehicle has an Oil Life Indicator, the indicator will show you when to change the oil and filter. Under severe conditions the indicator may come on before 10,000 km. The indicator won't detect dust in the oil, so if you drive in a dusty area you may have to change the oil and filter sooner than every 10,000 km.

(Note: change driveline axle oil every 30,000 km if vehicle is used for towing purposes.)

On the following pages you will find spaces provided for certifying your maintenance by an authorised HUMMER Dealer or HUMMER authorised Service Outlet. Proper certification of recommended periodic maintenance will avoid problems as to whether a failure is due to a defect covered by warranty, or damage caused by lack of maintenance. Perform all recommended maintenance to ensure that your vehicle is kept in the best possible condition.

*Footnote: Under extreme driving conditions listed above it may be necessary to replace your spark plugs at more frequent intervals. For further assistance in determining the most suitable service maintenance intervals for your vehicle, please contact your authorised HUMMER Dealer or HUMMER authorised Service Outlet.
